THE MONTHLY JOURNAL OF SCIENTOLOGY®

## THE FIRST REAL HOPE OF A ROAD OUT

by L. Ron Hubbard

The individual believes that the environment is more dangerous than it is. There are areas in that environment which he believes he will not be able to cope with.

His methods of taking care of that environment are inadequate to his survival, and his existence is as apathetic or unhappy as his environment seems to him to be overwhelming.

If Scientology moved on forward, the environment would become calmer. Not less adventurous, but calmer. The potential amount of hostile, unreachable, untouchable threat in it would reduce.

The individual, less threatened just from the standpoint of his environment, tends to resurge. He gets less apathetic. He thinks he can do more about life. He can reach a little further. Therefore he can exert a calming influence on his immediate environment.

Now as that progressed forward, you would produce individuals who more and more could bring more and more calm to the environment or handle things better. It is only things which aren't handled which are chaotic. This overwhelming, overpowering environment would get tamer and tamer. People would be less and less afraid. You'd have more opportunity of handling the actual problems that exist instead of people dreaming up problems in order to make a couple of quick dollars off of them. It would be a *different looking picture*.

### A WORKABLE WAY FOR MAN TO GET BETTER

We have factors out of which we could draw up an improvement program for any human being rather quickly. You see, somebody who knows a few more things about life, knows something about himself and knows something about others has less trouble in his environment. The discovery is that his health and well being, his sanity, his ambition, are monitored by *his* concept of how dangerous and overwhelming his environment is.

You could actually tell him to look around the environment and find something that *isn't* being a threat to him.

For example, an individual is very worried. He's sitting at his desk, papers are piling in, everything is going up in a high uproar. He just feels completely overwhelmed. Well, he himself ought to be able to look at the papers on his

desk and find something about them that *isn't* a threat. You would get a differentiation where an identification existed before. And where differentiation exists intelligence and judgement can return.

People are looking for a less threatening environment or knowing mostly that they can't escape to that, looking for a way to be more enduring in the environment they're in. They'd love to be able to get out or they'd love to be able to master it. They know they can't get out very far and it wouldn't do any good, and nobody has ever been able to give them anything by which they could exert much more influence on their environment than before.

The individual has also actually been looking for something to help other people be less intimidated or less fixed in their environment so that they could get out of it or so they could endure or dominate their environment better.

### UNDERSTANDING LIFE

In a universe which is kept going and made very disturbed continually by lies, all the basic and fundamental facts of the universe have been completely covered up, particularly those related to life and death. In fact, many contrary data existed. What is the truth about man? What kind of a being is he? What's he doing? What's he here for? What am *I* here for? What am I doing? What am I *trying* to do? How long will I live? What will happen to me when I die? What kind of a being am I, anyhow?

Those questions and the answers thereto on a time honored basis belonged in the realm of philosophy. Without a philosophy a man doesn't get along well in life. A philosophy, by popular definition, is something you use to get you over the rough places.

If you really did discover your relationship to the universe, and what is the actual composition of Man, you'd find people would get awfully interested because they've been asking themselves those questions ever since they could talk.

Scientology stands complete today, with the oldest philosophical tradition of Man, with new discoveries about Man, and with a technology of tremendous power and breadth which treats the livingness and beingness of Man and demonstrates to him a pathway to greater freedom.

### YOUR FIRST STEP IS BOOKS

There are many books on the subject of Scientology.

By reading them you can help yourself at very little expense.

And just the fact that this data could exist gives the individual a resurgence. But that's just the first step.

Once one starts going up, there is no wish to stop. The whiff of freedom and the total reality of it after all this time is too strong.

Scientology is concerned with the states above MAN and opens the way with a certain and sure bridge into a future. The way has been dreamed of in ages past. For Man it never existed until today.

And today we have it in Scientology.

edited from the works of L. Ron Hubbard

Diana, eldest daughter of L. Ron Hubbard, and Quentin, Ron's son, will be in Los Angeles in September. Diana and Quentin grew up during the formative years of Scientology—today Quentin is one of the most highly trained auditors in the world, and Diana one of the most competent administrators. Both very ably assist L. Ron Hubbard in bringing Man the first real way to happiness and ability, Scientology. For more on the September event, see page 4.

# What is the fastest most economical route to Clear?

## It starts with Books

After you have read about Clear in books by L. Ron Hubbard and applied the data to gain more happiness, the thing to do is to get trained in Scientology and Dianetics.

There are exact steps which anyone can easily take to become a CLEAR.

### INCREASED AWARENESS AND ABILITY

To go Clear, you are audited on processes that raise your awareness, ability and cause level. When you also learn how to use these processes yourself, you get even more able to be cause over what happens to you and how you handle other people.

The road starts at your nearest center of Scientology with courses in how you can communicate better with other people.

Then, on the Hubbard Standard Dianetics Course, you learn how to apply Dianetics and the details of how the mind really works.

You exchange all the Dianetic counseling (auditing) you need with other student auditors and tremendously improve your life and the lives of others.

### THE ABILITY TO STUDY EASILY

Next is the Primary Rundown. Called the "Primary" Rundown because it comes before any major course in Scientology, on this course you learn fully how to study anything easily. You become a fast, effective student who can study comfortably and apply what he learns.

To help you on to Clear, this is given FREE with your next step, which is the Academy of Scientology training package described below.

### THE ECONOMIC WAY TO GRADE IV RELEASE

In the Academy of Scientology you learn to use the processes that make a Grade IV Release, which is a fairly high level of freedom from the Reactive Mind. These short levels (each can be done in a week full time or a few weeks part time) give you a keen insight into how you can help people be happier and more able. On this course you co-audit with other students up the Grades 0-IV (about 100-200 hours of auditing, depending on the individual).

You will now be a Class IV auditor and Grade IV Release!

### A GIANT STEP TO MORE ABILITY POWER AND THE SAINT HILL SPECIAL BRIEFING COURSE

Grades V and Va are the next step towards Clear and are called the POWER processes as they are very powerful and must be audited by highly trained, senior auditors. As a student on the Saint Hill Special Briefing Course, you get a 50% discount (saving of \$600) on this auditing. Grades V and Va restore your ability to handle the power you have as a being.

On the Briefing Course, you study the full evolution of Scientology and Dianetics over the many years since 1950. Highlighted are the data-packed lectures given by L. Ron Hubbard to professional auditors each week from 1961 to 1966 in England. Available nowhere but the

Students Gene Rafert and Barbara Pease set up for an auditing session.

Saint Hill Special Briefing Course, this full set of lecture tapes thoroughly orients you as a Scientologist who can use Scientology data to improve any personal relationships.

You learn in full detail the development and use of the Grades of Release and how to prepare any individual for these.

Because of the study technology, the breadth of Scientology over 16 years can be yours in about 3 months. Your study is followed by a short internship of 3 weeks to give you the experience you need for true certainty on the data.

### YOU SAVE MORE MONEY

When you finish the Briefing Course and its internship, you go directly to the Advanced Organization for the Solo Course—where you learn to audit "solo"—as your own auditor. The upper levels of processing are so powerful and fast-paced that only the individual himself can keep up as the auditor. The Solo Course is usually awarded FREE to Class VIs, to validate their achievement so far in training.

At the end of this course, you audit yourself to Grade VI Release, the final threshold before Clear.

### CLEAR!

Next is the Clearing Course, where you receive the materials you will need to audit yourself the last part of the way to Clear.

Never before achieved in the history of Man, the state of CLEAR leaves you free to be yourself and exercise all of your abilities.

### THE SATISFACTION OF HELPING PEOPLE AS A CAREER

Now, as a Clear and a Class VI Auditor, you are ready for a successful career of helping other people. Most auditors choose auditing professionally as their career, because of the unequalled personal satisfaction in helping others go free. But whatever your chosen field, as a Class VI Auditor and Clear you will be able to handle other people from a completely causative viewpoint and achieve your own goals.

## TRYING TO ACHIEVE HAPPINESS FOR YOURSELF AND OTHERS?

Here are 3 reasons why you should buy Dianetics:

1. "I first read DIANETICS, The Modern Science of Mental Health by L. Ron Hubbard on August 9, 1960. My first reaction was of tremendous relief and of hope. At last, here was a clear explanation of the mind, of why I was the way I was (I had many troubles) and an exact method of improving my life.

I have come a long way since then, with the help of Scientology, but the basic understanding of the mind, gained from 'Dianetics' has been of the greatest benefit to me, all the way."

— Dave Hellawell

2. "This book was the perfect first step to understanding myself and others."

— Ron Litchfield

3. "Before I read DIANETICS, I knew something was wrong but I didn't know what.

I got this book from the library at the suggestion of a friend. I got my wife to read it too.

It contained something to do, not just something to read about. We spent a lot of time testing the book, and we found it worked.

It completely changed our lives and the direction we were going.

Before I read DIANETICS, I always 'believed.' I hoped. But I didn't know.

After DIANETICS, I really knew there was something there to be handled and that something could be done about it."

— Herb Sutphin

(now Clear and a professional auditor)

DIANETICS, The Modern Science of Mental Health by L. Ron Hubbard was THEIR First Step to Clear.

\*A Technology of the Mind  
DIANETICS, The Modern Science of Mental Health by L. Ron Hubbard offers sensible answers to the problems of the human mind.

This book uncovers the real barriers in the mind that stand between you and happiness—and how you how to get through them. This is DATA THAT WORKS.

\*Greater Understanding of Life and People

This book shows why people act the way they do. It is the most important book of the reader's lifetime. It is the bridge between ignorance and understanding on the subject of life and people.

\*New Hope for a Workable Road Out

Your hopes for a workable way to happiness have at last been validated.

### WHY THE TRAINING ROUTE IS BOTH FAST AND ECONOMICAL

continued from page 2

#### WHY THIS ROUTE IS FAST

\*You will be auditing and getting audited right away from fellow students (in the time it would be taking the average person to earn money for receiving professional auditing up the grades);

\*You know where you're going in auditing (having studied it, and so move faster);

\*Courses are fast, followed by a short but intensive internship;

\*You are more able to handle your environment as you go, so your whole life goes a lot smoother!

#### WHY IT'S THOROUGH

\*After you've done the Primary Rundown, you study in greater depth, so that you can really use the data;

\*After your training you intern under experienced supervision until you are flawless.

#### THIS ROUTE IS BUILT FOR HEAVY TRAFFIC

Every preclear needs an auditor to go Clear!

The easiest way to get plenty of auditing is to become an auditor yourself and co-audit with your fellow auditors.

You'll find it's simple to set up a co-audit. Plus, giving as well as receiving the benefits of auditing makes twice the gains for you.

Unlimited crowds of people can go Clear on this route without strain, as there are more and more auditors to go around.

With today's study tech, no student should worry about his ability to learn as it can be improved beyond his dreams.

The full cost of going Clear this route is something anyone can afford—it's about the same as a car. (The fees merely cover administrative expenses).

#### BECOME A VALUABLE BEING

The Auditor is the most valuable individual on this planet. It is only an auditor who can bring another person up the road toward Clear.

Start today on your next step! Become one of these valuable beings with a lot of valuable knowledge.

#### NOW IS THE TIME FOR YOU TO TRAVEL UP THE BRIDGE TO CLEAR!

Reserve your place for Power and the Saint Hill Special Briefing Course. Write the Letter Registrar, New ASHO, 2723 W. Temple Street, Los Angeles, California 90026. And to get more information, write the Letter Registrar.

Astrid Cordova, Clear 3644 from San Francisco, looks up from her auditor's reports (she is on the Class VII Internship at ASHO).

"I wanted to be as excellent an auditor as possible and wanted to get the full data and gains from the Clear and O.T. levels. I wanted to be able to apply the tech—that's why I took the Briefing Course route to Clear.

"It's even more of a pleasure auditing as a Clear—there is much less in the way between me and the preclear.

"I'm much more effective in any area I operate in."

What's it like being Clear?

"It's wonderful!"

Jeff Mintz, Class VI Auditor and Clear, with his daughter Ali.

"Bringing up children was once confusing and scary to me. Before Scientology I had reached the apathetic viewpoint that you just had to do what you 'felt' was right. I saw people who had a lot of data about children who would still get upset, lose control and dramatize on their own children what had been done to them as children. By getting Scientology training, I've gotten workable data and by being CLEAR I'm able to apply it as myself without losing control or carrying out former reactive patterns.

"My daughter is a shining example of the results."

## To speed your way to ABILITY and HAPPINESS as a Clear A SPECIAL ROUTING SHEET FOR YOU

To speed you on your way to the ability and happiness of CLEAR, a special routing sheet is issued in the enclosed CLEAR booklet for you.

Use this routing sheet as an introduction to your nearest Church or Mission of Scientology. Show the receptionist your routing form and ask to sign up for your course.

If you have already started your Route to Clear, just sign off what you have already done and go on from there.

While there are other services in Scientology designed to handle individual problems, those listed are the essential steps on the training route to Clear. Should you need any other services, the technical specialists at your nearest Church of Scientology will let you know. If there is any question about the fastest and best way for you to get Clear, just write the Letter Registrar at New ASHO.

#### Is there any other route to Clear?

It is possible to go Clear the "Solo" or "Preclear" Route, and fill in training afterwards. This route starts with the same beginning courses, but from there you receive professional counseling (given at an hourly donation) by a trained Scientology auditor to the state of Grade IV Release.

You continue on to ASHO in Los Angeles for your Power Processing, Grades V and Va, and then

to the Advanced Organization for your Solo Auditor's Course. You learn to audit yourself to Grade VI Release and Clear and then do so. (The Solo Auditor is not trained to audit others.)

As a Clear, you start the Briefing Course directly without doing the Academy levels first (a special privilege given by Ron to Clears to speed their training).

This route is more ideal for some people.

But for most people, the professional auditor training route is actually faster because it is more economical (as well as giving more ability to use Scientology and help people).

#### How to get the Happiness,

#### Ability and Freedom you want

To arrange the details for your personal route to Clear, just fill out and return the information slip at the back of the enclosed booklet right away.

The Clears and auditors at both AOLA and ASHO will assist you in getting where you want to go the fastest and best way for YOU.

The happiness you have always been looking for, the ability to cause the effects you have always wanted to cause, and the freedom to do what you really want to do can be yours.

What could be more important to you than that?

Start your routing form to Clear today!

# Ron's Books, first step on the Road to Clear

"Just after having had my first child in December of 1951, I started reading and applying SELF-ANALYSIS by L. Ron Hubbard.

It changed my life.

Three days later, I was fully recovered, had great awareness of myself as a being and the knowledge I could determine my environment. I was ready to do anything.

I put everything we owned in the front yard with a "For Sale" sign. By the next night, I had arrived in Phoenix, 100 miles away, to study Dianetics. (And on the way I got two professors into Dianetics too!)

It was the beginning of the grooviest game there is anywhere."

JACQUELINE KITTS

Jacqueline Kitts, now doing the Primary Rundown just prior to starting the Saint Hill Special Briefing Course at ASHO, recalls the day she first read SELF-ANALYSIS.

"So many things don't do what they so brightly promise, but when I read 'The Problems of Work' by L. Ron Hubbard, and tried the things the book directed, I found they worked! From this book I gained a new awareness on how I could handle my life better and I have stayed with Scientology ever since and have not been disappointed."

MARY JANE JEWELL

"It's incredibly beautiful taking any basic datum from Ron's books and applying it to life. Sweeping changes result. Living becomes fun when one understands the rules of the game. And even more when you recognize that you can create infinite games and be at cause in them. The books tell you why and how."

John Mustard, today Clear No. 1984 and a Hubbard Certified Auditor, applied HOW TO LIVE THOUGH AN EXECUTIVE by L. Ron Hubbard when he was first getting into Scientology. "I used this book to improve communication with my boss and be more efficient on my job with an electronics firm, which resulted in 3 promotions in less than a year. I started out as a janitor and was moved up to preventative maintenance technician. Then I was promoted to be a clerk in the technical library. Soon I was put in charge of the library and the communication system which served 400 people. This was shortly after I turned 19, and I ended up with 5 people working under me who were all older than I was.

"I found that after reading HOW TO LIVE THOUGH AN EXECUTIVE I could take an individual and give him a purpose, train him, and get him to produce on the job far more than he ever thought he could. This resulted in my having a section that was enthusiastic, happy and competent. What I got out of this book was 3 promotions, 3 raises, and a lot of honest-to-goodness workable technology on how to succeed. I started an Extension Course in Scientology, got audited, began my Academy levels, and went on up to Clear."

## Saint Hill Special Briefing Course Graduates Go Clear

Confident Class VI Barry Klein tells Academy student Geneva Greene about the Briefing Course.

### "IT ALL BEGAN WITH DIANETICS, Modern Science of Mental Health"

"I got interested in Scientology in March of 1971, and I started a Communication Course in Urbana, Illinois.

I had a copy of DIANETICS first, but I didn't read it.

I left the course without finishing it and went back to college with some friends and my copy of DIANETICS. I took a lot of drugs. Then one day I started reading DIANETICS.

I looked at what I was doing and totally quit drugs. I went back to Urbana, finished the course and joined staff at the Scientology center.

Shortly after, I went to St. Louis, where I became an auditor and worked as Case Supervisor and Technical Secretary at the Scientology Church there.

It all really began with DIANETICS. It IS the first book.

From the viewpoint of being a Class VI now—I know so much and can disseminate what I know.

One of the reasons the data is so easy to assimilate on the Briefing Course is that Ron IS a writer. DIANETICS was designed to communicate what Dianetics is.

A lot of what I have learned so far is in the books. But you do have to get processed and trained too—and most of all you have to be trained. You just must. If you're not trained you don't get to see the full application.

My friends in college were psychology majors. When I read DIANETICS, their terms weren't used, and the book made sense. I could relate it to myself and other people, particularly the mechanisms of the mind. Ron gives situations in such a way that you can look around you and SEE they are true. I could just look and see the way it was.

I was going to be a doctor—what I have always wanted to do was help people. Then I read the definition of what an auditor was. After that the whole time I was in Urbana I wanted to be an auditor.

The best way to find out what an auditor is is to read DIANETICS. It gives every day situations and gives you a way you can handle them.

Then the training and processing enhances you and makes you more experienced at applying the data to really change people's lives for the better.

When I first started reading the book I had a lot of problems and upsets. I had a lot of trouble with interpersonal relationships. I was very sick at times and I was unhappy.

I didn't have a purpose or a goal. Now, I don't have any problems or upsets—hardly ever. And if I do I can take responsibility for them.

I have a purpose, and I'm happy! I've just finished the last of 369 tapes, several books and over a thousand HCOBs—I've sure learned a lot. The Briefing Course is worth all the diamonds and gold that could be mined and processed from now until the end. It's an incredible course.

I've learned so much about my universe, others' universes, the MEST universe\*, Clears, OTs, the Reactive Mind, the Communication Cycle, history, physics, photography, philosophy—a lot!

Do this course—you won't go fully OT without it—it's necessary to enhance and maintain your survival.

Ron, thanks much—"

BARRY KLEIN, Class VI Auditor Barry finished the Briefing Course in 8 weeks by full time study and is now auditing himself to Clear at the Advanced Organization.

\*MEST Universe: MEST stands for Matter, Energy, Space, Time. The physical universe.

Pam Dunning finds out she has qualified as a Class VI Auditor.

### HOW EASY IT IS TO GO CLEAR AS A BRIEFING COURSE GRADUATE

"It's becoming increasingly obvious to me how much easier solo auditing is when you're already a Class VI Auditor. I've had so much experience handling and understanding other people's reactive minds and dramatizations and peculiarities that my own are comprehensible, confrontable, and generally humorous.

On the Briefing Course, I put on my auditor's hat when I was exhausted, sick, and in glee (along with the good, normal times) and it became second nature to do so and assume cause. So it's easy now just to assume an auditor's viewpoint in handling my case.

I wouldn't trade my experience on the Briefing Course for any other experience I've had for it trained me to operate at cause and before I'd actually gone Clear."

#### PAM DUNNING, Class VI Auditor

(Now auditing to Clear at the Advanced Organization.)

HAT: Slang for the title and work of a post in a Scientology Organization, taken from the fact that in many professions, such as railroading, the type of hat worn is the badge of the job.
