HCO BULLETIN OF 8 JANUARY 1973
SAME TITLE

STUDY AND EDUCATION

TAPE AMENDMENT

TAPE: 6408C13 SH SPEC 36 "Study and Education".

The following statement occurs 116 feet from the beginning of this tape:

"A live study is one which has purpose, has a use. And a dead study is one that hasn't any use. And the way you make a DEAD study into a LIVE study is dual. Its use dies away as in buggy whips, or one simply omits it as part of the educational process. And it will make the subject die away not only in the individual but the society -- not only in the society but the individual. You see that?"

The words DEAD and LIVE (in caps in the above statement) were accidentally transposed.

The statement should be ".....The way you make a LIVE study into a DEAD study is dual....."

This *BTB* is to be added to all checksheets and packs of Student Hat (or other Study Courses) immediately before the tape is listened to to avoid any possibility of student confusion.
