"WHEN YOU GET INTO THE UPPER LEVEL OF A THETAN, YOU FIND OUT THAT ANYTHING THERE IS, HE IS CAPABLE OF CREATING, CHANGING AND DESTROYING. HE DOESN'T HAVE A LIMIT, AND I DON'T KNOW OF A LIMIT AT THIS TIME."
L. RON HUBBARD

The Philadelphia Doctorate Course

On Gold Compact Disc

A limited edition of this OT tech, exclusively created for the most dedicated.

In honor of OT, and the boom now underway, we wanted to return the favor to those most dedicated in helping this crusade.

The *Philadelphia Doctorate Course* on GOLD CDs – a *Limited Edition* at a regular edition price.

OT tech for the most dedicated

The *Philadelphia Doctorate Course* lectures and their accompanying course book – *Scientology 8-8008* – are the bible of an OT. Here are the potentialities of theta, in scientific detail. As LRH told students of the SHSBC, 15 years after their delivery, the *Philadelphia Doctorate Course* is where he laid it all out, *down to a thetan's weight and measurement*.

The vast bulk of his research after 1952 was an *undercut*, with LRH relentlessly researching lower and lower to find the point of entry into every case, and so provide the precise route to regain one's native abilities as a thetan. And those abilities are only detailed in the *Philadelphia Doctorate Course*.

That route now exists with the Scientology Grade Chart, allowing one and all to walk to the top.

And if Book One is the manual of the reactive mind, the *Philadelphia Doctorate Course* is the owner's manual of *yourself* – a thetan.

Only 1,000 sets of this new gold edition have been produced. It includes:

- Ⓣ All of LRH's Philadelphia and supplementary lectures, delivered in London, on gold compact disc, providing a clarity to these lectures like you've never heard.
- Ⓣ Transcripts providing the exact CD track location of different parts of the lecture.
- Ⓣ *Scientology 8-8008* as originally published and corresponding precisely to LRH's lectures, allowing you to study it as if you were there in Philadelphia.
- Ⓣ LRH's charts from the lectures as well as glossary.
- Ⓣ All of that, in addition to an introduction detailing the events surrounding LRH's delivery of the course and what ultimately followed.

This edition will never be reproduced. It's OT tech, in a form befitting OT, and expressly for those dedicated to making OT a reality.

THE PHILADELPHIA DOCTORATE COURSE

RON'S MILESTONE SERIES

ON THE POTENTIALS OF OT

in astonishing depth and detail, drawing charts to clearly illustrate each datum.

The scope of the material was vast, encompassing the entire range of human and spiritual activity. He described the relationship of a thetan to a body, exactly how a body is controlled and run by a thetan and, even more fundamentally, *why* a thetan has a body in the first place.

“You are studying the anatomy of universes,” Ron told the students, “the construction, maintenance and destruction of universes.”

In lecture after lecture, he detailed the thetan’s relationship to the MEST universe, taking each of these components in turn and showing how the spirit creates matter, generates energy, makes space and time. He laid out a gradient scale of beingness, from the lowest state of being completely the effect of the MEST universe, to the highest states where a being is cause and creates his *own* universe.

By the end of the course, a total of 62 lectures had been delivered, each lecture an hour in duration, with a total of 54 accompanying charts. The following month, another 14 supplementary lectures were delivered in London, making 76 lectures in all, a monumental body of knowledge about the identity, character and potentials of the human spirit.

On December 1, 1952, thirty-eight students gathered in the Hubbard Foundation course room in downtown Philadelphia to hear what was to become the most famous series of lectures in Scientology.

“None of us,” one student recalled, “even those who’d heard him lecture many times in Wichita and Phoenix, were prepared for the fantastic pyrotechnics of the evenings.”

Starting with his opening lecture on that Monday evening in December, 1952, Ron proceeded to lay out the capabilities of a thetan
